

The Ruy Lopez: Introduction Help Guide

Diagram 1:

When we move a piece off of its original square is that called developing or moving?

Diagram 2:

In chess do we try to control the center or ignore it? If the Knight is attacking a Pawn of a different color is that attacking or defending?

Diagram 3:

If the White Bishop is able to capture the Black Knight is that attacking or ignoring?

Diagram 4:

Is there anything on c5? Look careful. If the White Bishop is under attack he should either exchange or pieces or back off the attack.
